K.I.S.S. Keep It Super Simple

Dear friends,

For the next three weeks, I invite you to embrace Christ and his life-transforming system, **K.I.S.S. (Keep it Simple, Saints)**. This system is intentionally designed to be straightforward to follow, making it a simple yet powerful tool for personal growth. It's not about complexity but about the simplicity of the journey.

Relax! ***Jesus Christ will do all the heavy lifting***; He has everlasting arms, so there will be no strenuous exercises or calorie counting, and you will not have to change anything in your diet. In fact, you can eat all your favorite foods, including burgers, fries, pizza, and ice cream!

*It may sound too good to be true, but I assure you, **K.I.S.S. (Keep it Simple, Saints)** is life changing. And the best part? It's completely free! Jesus Christ paid it all. By embracing this approach, you can experience a transformation in your life. This is not just a promise but a guarantee of the gospel's effectiveness.*

Okay, David... What is the catch?

1. You will need to listen a few minutes each day and
2. Believe what you hear.

That's it!

I cannot guarantee the results if you don't invest your time in listening or believing.

Morning Worship (Approx. 15-20 Minutes)

1. *Listen to one or more Hymns:*

2. *Listen to one or more Bible Stories:*

3. *Listen to the Morning Prayer:*

Afternoon Worship (Approx. 4 Minutes)

1. *Listen to the Afternoon Prayer:*

Evening Worship (Approx. 15-20+ Minutes)

1. *Listen to one or more Hymns:*

2. *Pick a subject and study the Holy Bible topically:*

- (i) [eBooks - Google Drive](#) (several related topics combined conveniently into **85 eBooks**).
- (ii) [Topics](#) (**728 topics** conveniently arranged A-Z).

3. *Listen to the Evening Prayer:*

The topical eBooks and the individual topics can be used universally by anyone in any church. This system is not exclusive but inclusive, and it's designed to bring us all together in our spiritual journey.

Each topical study contains **every verse** on the subject. ***There is no commentary***; instead of interpreting scripture, **K.I.S.S. (Keep it Simple, Saints)** encourages you to focus on **believing** what the Holy Bible says in the plain text by comparing scripture with scripture. Allow the Bible to be its own interpreter. The Holy Ghost will be your instructor alongside your Bible.

Do you accept this 21-day challenge? It takes just three weeks to introduce something new and turn it into a habit that will change your life forever.

Sincerely,

David Michael Curtis
